# RECOGNITIONS

## 1. Levels of Recognition for Excellence

There are three levels of recognition, starting from 'GOLD PLUS' and going up to the AWARD, based on the score assigned by the applicant. The Highest level, the Commendation as ROLE MODEL ORGANISATION, is based on the demonstration of the role model dimension(s) by the contenders (i.e.. Award Winners).

These levels signify the various milestones, which the Organisations can aim for as they progress on their journey towards Excellence. Therefore, Organisations at different levels of competitiveness can benefit from participating in the Award Process.

The Award Criteria used for assessing is based on the EFQM Excellence Model, and hence provides a mechanism to benchmark against world-class Organisations, which are using TQM to drive Excellence.

Jury Commendation for Role Model Organisation is presented to applicants that demonstrate Role Model Practices and Performance in one or more areas, as leaders in their category. Past Award Winners, in subsequent participation come up to the award level, are considered if they move up to the next score band . This is given over and above the Award, and hence is the highest-level recognition in this program. There can be multiple applicants, getting this recognition, if they meet the criteria.

Awards are presented to Organisations that demonstrate Excellence in the management of Quality as their fundamental process for continuous improvement.

Organisations are commended which have made good progress on their journey towards Excellence, but fall short of the level set for

Awards Winners. There are Two Levels of Commendations:

### ▪ PLATINUM

### ▪ GOLD PLUS

Apart from getting an opportunity for recognition based on maturity level, each Organisation gets an external perspective on their practices and performance. A team of trained assessors with diverse and extensive experience assesses each Applicant Organisation. The assessors spend around 500+ man-hours to identify strengths and opportunities for improvement. A detailed feedback report is sent to all the Applicant Organisations that gives an objective and comprehensive assessment of the current status of the Organisation and forms a sound basis for developing Organisation-wide consensus on strategy for reaching higher levels of competitiveness.

**Repeat applicants who are previous award winners will be considered for the 'Role Model Award' if their scores advance to the next 25-point band or higher and also demonstrate role model dimensions as mentioned under "Jury Commendation for Role Model Organisation.**

**Incase of Fatal accidents the organization shall be considered only upto platinum level irrespective of the overall score band.**

**Organisations winning the Award (600+ scores) consecutively for 3 years shall be conferred 'Sustained Excellence Award'**

\* Jury Commendation for Role Model Organisation:

This commendation is awarded to applicants from the Award Winners of the current cycle, who demonstrate exemplary role model practices and performance in one or more areas, distinguishing themselves as leaders in their category. It is presented in addition to the award and represents the highest level of recognition in the program. Multiple applicants may receive this commendation if they meet the defined criteria.
